Ben Wood is one of the country's leading marine photographers and film-makers. He specialises in classic yachts and has enjoyed an illustrious career. His latest exhibition *Running With The Wind* is a celebration of 20 years work at an array of regattas including The America's Cup Jubilee, The Fife Regatta, The Westward Cup, Monaco Classic Week, The Pendennis Cup and Ben's favourite event Cannes Régates Royales.

Over two decades Ben has worked throughout Europe in all weathers skilfully capturing the beauty of sail. What sets Ben apart are his elegant compositions, whether it be a J Class charging towards him in 25 knots of breeze or a becalmed Fife Classic drifting across the Clyde. Be transported onto the high seas and see the iconic J Class yachts *Velsheda* and *Endeavour*, the powerful schooners *Eleonora* and *Elena* and the magnificent metre yachts such as *The Lady Anne* and *Mariquita*.

In addition to his exhibition of photographs, Ben's latest film *Mariquita Racing In The Solent* offers a rare insight into the highly competitive world of classic yachting and a private screening will be shown on Saturday 28th May at 7.30pm in The Bosham Gallery.
